## **DISTINGUISHED HONORS**

### **Madame Vice President Kamala Harris Introduction, Live Television Broadcast, April 2022**

- Hand selected by the White House staff to share my perinatal and postpartum healthcare journey, highlighting the health inequities and disparities faced by Black women regardless of income and education level.

### **DAISY Award: UCSF Health, May 2024**

- "Adrienne truly embodies what it is to be a nurse; she has a profound concern for the human condition and maintaining the dignity of her patients, as well as a deep understanding of the complex clinical nursing care that is paramount to caring for the critically ill patient."*

### **Manager's Choice Award: Raritan Bay Medical Center, September 2014**

- "Although only a critical care nurse for less than 2 years, Adrienne's enthusiasm for nursing and getting involved is truly remarkable. She is especially loved by her patients and receives an abundance of Pride and Caring recognitions. Adrienne was instrumental in revising our Code Frost protocol... For these reasons and for so many more, Adrienne is my selection for September's Manager's Choice Award."*

## **RESEARCH EXPERIENCE**

- UCSF Leadership Institute: Evidence-Based Practice Immersive Experience Training Program
  - EBP-QI: Empowerment of Nurses utilizing Gallup Survey Data to improve workplace culture
- Contributed to Research Poster: Arshed, S, et al. The Impact of intensivist managed TTM on clinical outcomes in a community hospital setting. Poster presented at: Society of Critical Care Medicine Critical Care Congress; Jan 17-21, 2015; Phoenix, AZ.
